

2022 St. John's Enduro Series COVID-19 Guidelines

Feb. 19, 2022
Rev. 2

The following guidelines have been developed for operation of the 2022 St. John's Enduro Series (SJES) during the Covid-19 pandemic. These guidelines are based on the announcement made by the Government of Newfoundland and Labrador on February 16, 2022, which stated that all Covid-19 restrictions will be lifted by March 14, 2022. Guidelines are as follows:

- All participants and volunteers are required to complete a Covid-19 self-assessment on the day of each race and prior to engaging in any SJES activities
- Anyone experiencing symptoms of Covid-19 will not be permitted to participate in or attend any SJES event
- Masks or face coverings are not required
- 2 m physical distancing is recommended at all times
- Sign-in will be contactless with no paper forms or cash transactions (registration and payment must be completed online in advance of the race)
- Participants are permitted to travel to St. John's to attend an SJES event, provided that they adhere to all applicable travel regulations and restrictions
- There is a limit of 150 registered participants per race
- There are no gathering size limits for any SJES event
- Spectators are encouraged to watch from designated spectator areas which will be identified on the course plan (to be issued a minimum of 5 days prior to each race)
- No food or drink will be provided at any race event except sealed water bottles (participants should bring their own food/water supply for the duration of the race)
- Hand sanitizer and trash containers will be made available at the race start location
- All equipment provided to participants (i.e. timing cards) will be sanitized prior to distribution
- No equipment is to be shared between participants, including bicycles, safety equipment, or tools
- If Covid-19 restrictions are not lifted, or if new restrictions are imposed prior to any St. John's Enduro Series event, the SJES team shall either submit revised COVID-19 guidelines (to be approved by Bicycle NL and insurance providers a minimum of 2 weeks prior to the race) or cancel the event
- These guidelines do not guarantee or claim to guarantee to stop the spread of COVID-19
- Race details, rules, and safety information can be found in the Event Rules & Safety document on sjes.ca
